

## Create an account on the SAP Gateway demo system (ES5)

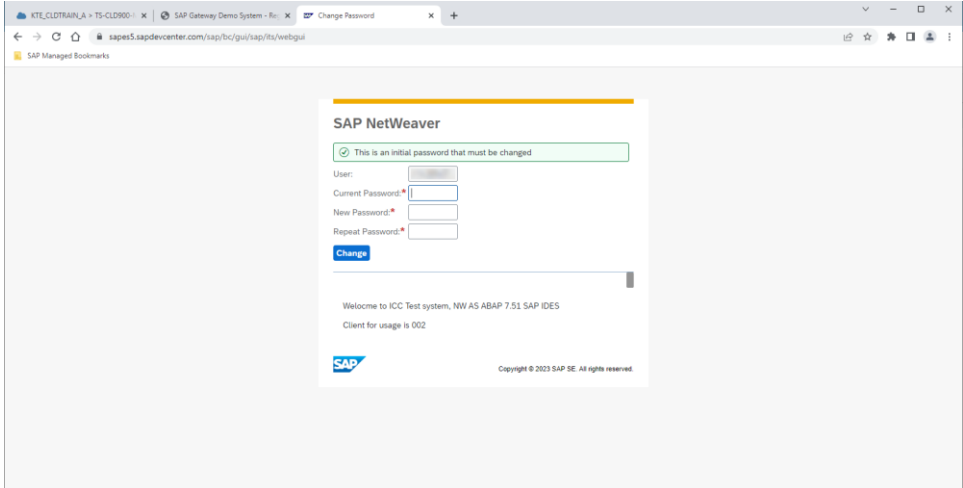

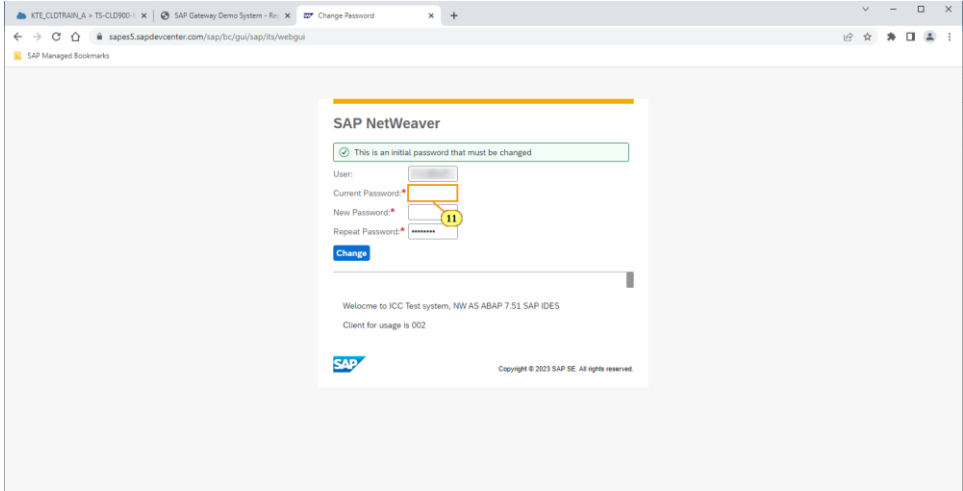

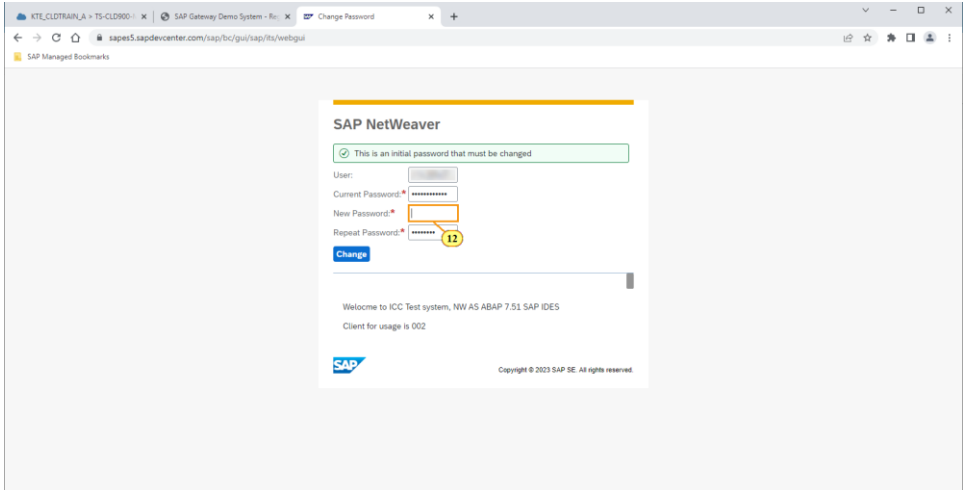

Explanation	Screenshot
<p>                        The SAP Gateway Demo System is based on SAP NetWeaver AS ABAP 7.51. It is used, forexample, to try oData Services. Various sample services are implemented for this purpose. This services are accessible via internet. We use the GWSAMPLE_BASIC service in our exercise. This sample service is based on the Enterprise Procurement Model (EPM).                 </p> <p>                     To learn more about how to create an account on the SAP gateway demo system, follow this interactive tutorial.                 </p>	

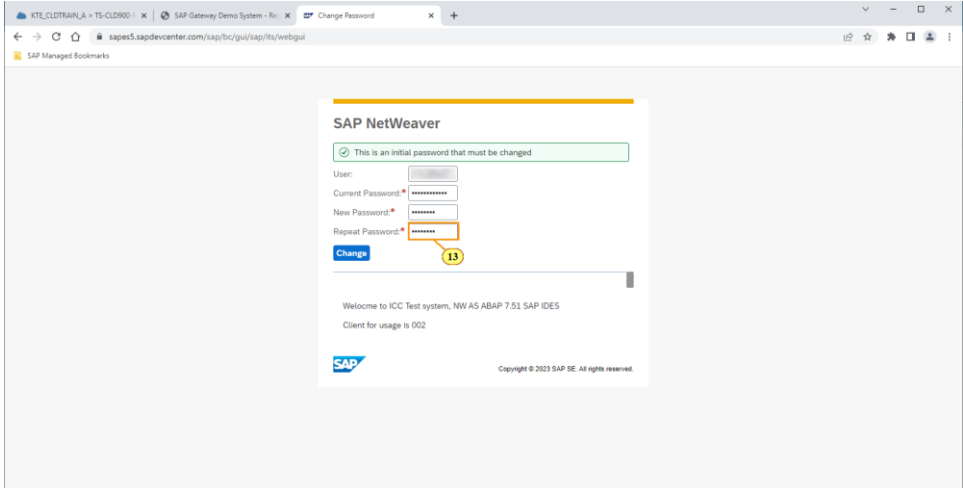

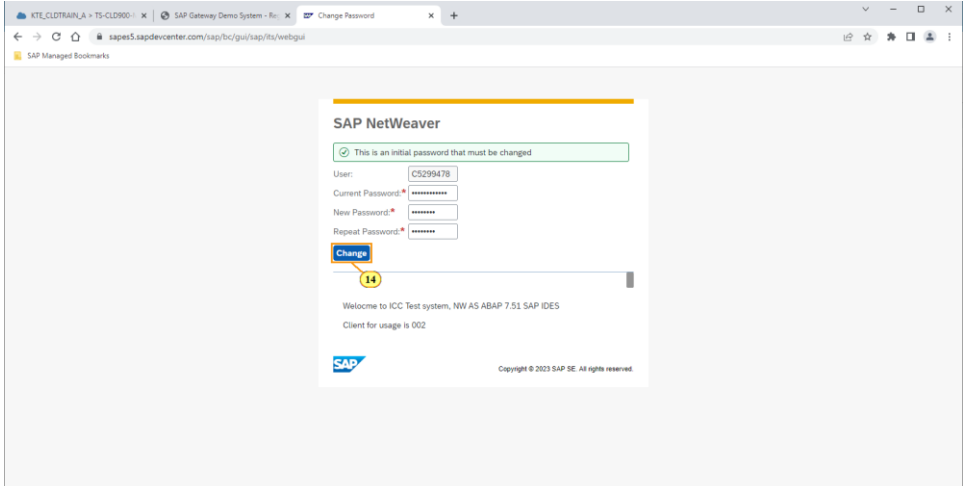

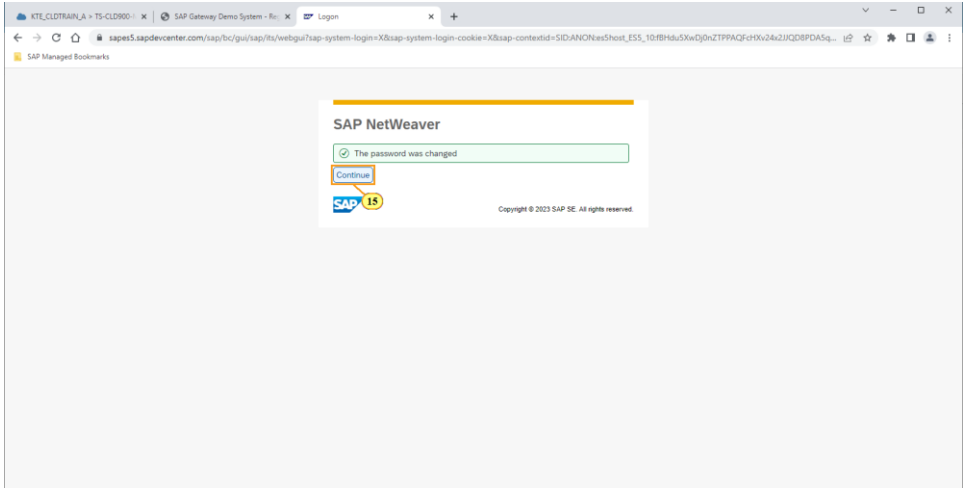

Explanation	Screenshot

Explanation	Screenshot
<p>8. Enter the <i>User</i> provided.</p> <p>For this tutorial, enter <b>XXXXX</b>.</p>	 <p>The screenshot shows the SAP NetWeaver login interface. The 'System' field is set to 'E55' and 'Client' to '002'. The 'User' field is highlighted with a yellow box and a yellow circle containing the number '8'. The 'Password' field contains six asterisks. The 'Language' dropdown is set to 'English'. A 'Log On' button is visible below the fields. The page also includes a 'Change Password' link and a welcome message for the ICC Test system.</p>
<p>9. Enter the <i>Password</i> provided.</p> <p>For this tutorial, enter <b>XXXX</b>.</p>	 <p>The screenshot shows the SAP NetWeaver login interface. The 'User' field is highlighted with a yellow box and a yellow circle containing the number '9'. The 'Password' field contains six asterisks. The 'Log On' button is visible below the fields.</p>
<p>10. Choose <i>Log On</i>.</p>	 <p>The screenshot shows the SAP NetWeaver login interface. The 'Log On' button is highlighted with a yellow box and a yellow circle containing the number '10'. The 'User' field is highlighted with a yellow box.</p>

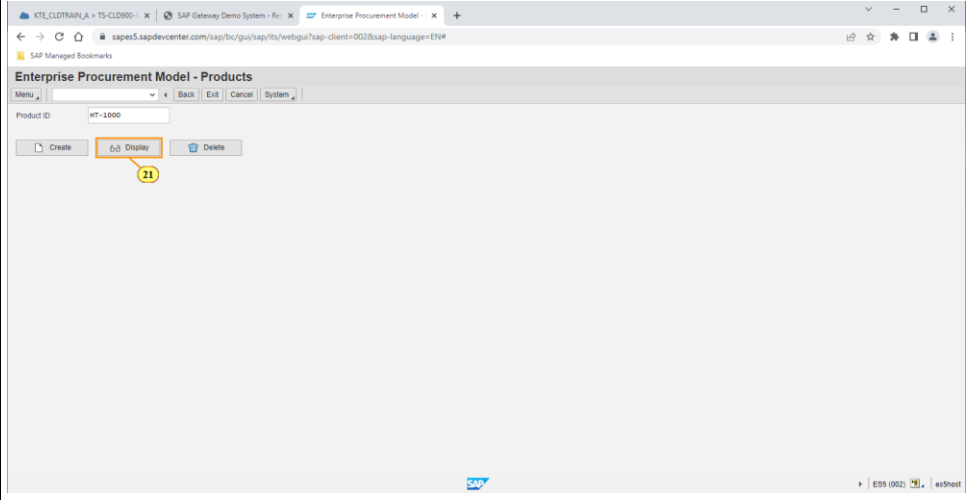

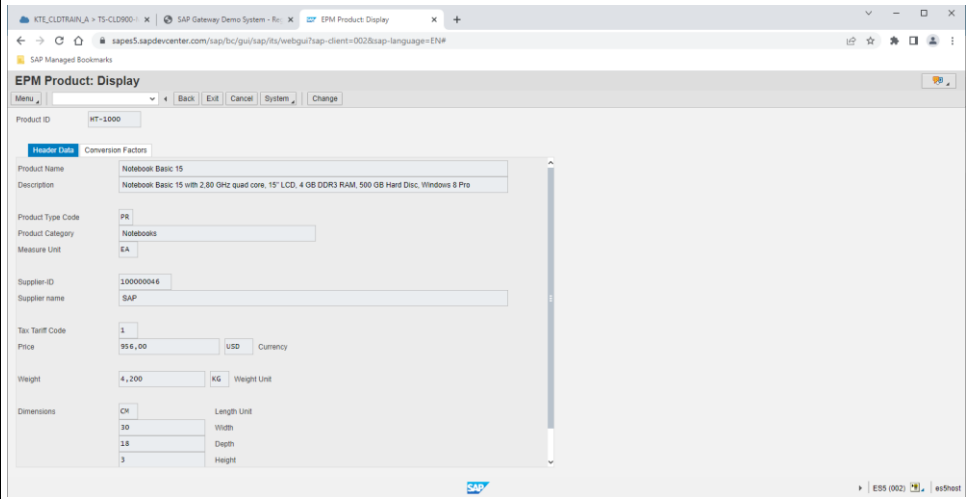

Explanation	Screenshot
<p> In the following steps, you will change password.</p>	 <p>The screenshot shows the SAP NetWeaver 'Change Password' page. The browser address bar shows 'sapes5.sapdevcenter.com/sap/bc/gui/sap/its/webgui'. The page title is 'SAP NetWeaver'. A green message box at the top states 'This is an initial password that must be changed'. Below this, there are input fields for 'User:', 'Current Password:*', 'New Password:*', and 'Repeat Password:*'. A blue 'Change' button is located below the 'Repeat Password' field. At the bottom of the page, it says 'Welcome to ICC Test system, NW AS ABAP 7.51 SAP IDES' and 'Client for usage is 002'.</p>
<p>11. Enter the <i>Current Password</i> provided.</p> <p>For this tutorial, enter <b>XXXX</b>.</p>	 <p>This screenshot is identical to the previous one, but with an orange box highlighting the 'Current Password' field. A yellow callout bubble with the number '11' points to this field.</p>
<p>12. In the <i>New Password</i> field, enter <b>XXXX</b>.</p>	 <p>This screenshot is identical to the previous one, but with an orange box highlighting the 'New Password' field. A yellow callout bubble with the number '12' points to this field.</p>

Explanation	Screenshot
<p>13. In the <i>Repeat Password</i> field, enter <b>XXXX</b>.</p>	 <p>The screenshot shows the SAP NetWeaver 'Change Password' interface. A green message box at the top states 'This is an initial password that must be changed'. Below this, there are input fields for 'User', 'Current Password', 'New Password', and 'Repeat Password'. The 'Repeat Password' field is highlighted with a red box, and a yellow callout bubble with the number '13' points to it. A blue 'Change' button is visible below the fields. At the bottom, there is a welcome message for the ICC Test system and the SAP logo.</p>
<p>14. Choose <i>Change</i>.</p>	 <p>The screenshot shows the same SAP NetWeaver 'Change Password' interface. The 'Change' button is now highlighted with a red box, and a yellow callout bubble with the number '14' points to it. The 'Repeat Password' field now contains 'XXXX'. The rest of the interface remains the same.</p>
<p>15. Choose <i>Continue</i>.</p>	 <p>The screenshot shows the SAP NetWeaver 'Change Password' interface after the password has been changed. A green message box at the top states 'The password was changed'. Below this, there is a blue 'Continue' button highlighted with a red box, and a yellow callout bubble with the number '15' points to it. The rest of the interface remains the same.</p>

Explanation	Screenshot
<p> In the following steps, you will open SAP easy access menu for EPM: Classic Dynpro for Product Data.</p>	
<p>16. Choose <i>New Tab</i>.</p>	
<p>17. In the <i>Address and search bar</i> field, enter <b>https://sapes5.sapdevcenter.com/sap/bc/gui/sap/its/webgui#</b> and press Enter.</p>	

Explanation	Screenshot
<p>18. Choose <i>Close</i>.</p>	
<p>19. Choose <i>User Menu for XXXX &gt; New Menu Options &gt; Developer Center User Role &gt; EPM: Classic Dynpro For Product Data</i>.</p>	
<p>20. In the <i>Product ID</i> field, enter <b>HT-1000</b>.</p>	

Explanation	Screenshot
<p>21. Choose <i>Display</i>.</p>	
<p> We use this function to check whether the product IDs we use later are also present to verify the processing.</p>	
<p> You have successfully created an account on the SAP gateway demo system.</p> <p>This concludes the interactive tutorial.</p>
