

SAP SuccessFactors HCM Trial

SAP SuccessFactors HCM
August 2024

Public

Trial information and offering

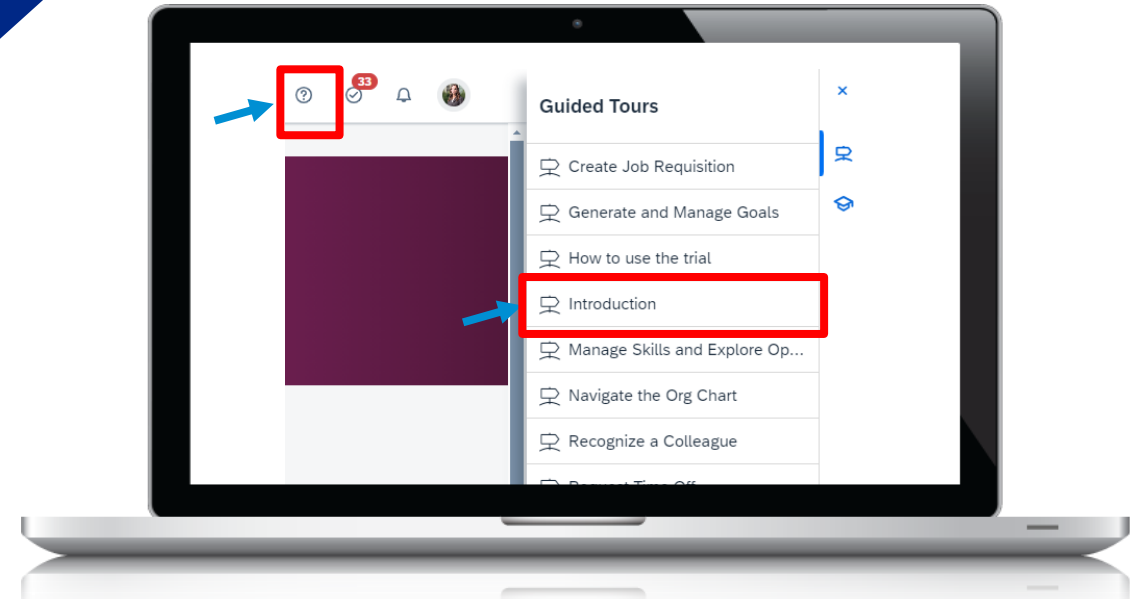

Welcome to the SAP SuccessFactors HCM Basic Trial!

We encourage you to use the guided tours provided or simply explore the trial on your own. This trial includes a sampling of the deep set of capabilities and flexibility available within the solution. For a more detailed experience please [contact us for a solution demo](#).

Guided Tours

The “Introduction” tour will automatically launch a few seconds after you log in. If it doesn't, please follow the below steps:

- Click on the icon with the question mark (?) on the upper right side
- The list of Guided Tours will open
- Select Guided Tour “Introduction”

Important Note:

- This trial is only accessible from a laptop/desktop device.
- This is a shared trial system used by multiple trial users. Please do not create any personal data or use productive data.
- Due to the nature of the shared system, specific features and functions such as creating/deleting master data or some AI features (e.g. Joule), are restricted. Please also be aware that the trial system will be refreshed on a regular basis and data created might be lost.

Trial offering : Outlined scope

• Configuration and Sample Data :

This trial system is pre-configured with sample data of a fictitious company. This includes related business configuration, master data and sample transactional data.

• Trial User :

Your user has the required authorizations to act like a manager.

• Scope :

Solution
